

In compiling this annual report, ITOCHU focuses on three themes as follows: (1) providing an in-depth understanding of ITOCHU's business model, (2) a wide range of readers around the world, (3) by organizing sustainable growth in corporate value, by financial and non-financial capital and community management, and progress in both financial and external stakeholders, fostering the virtuous cycle of corporate value, and as refined and accumulated standing through dialogue and achieving a greater level of management sophistication for the Company.

Annual Report 2020 was compiled based on the Integrated Reporting framework of the International Council (IIRC). Special emphasis was also placed on the sustainability and future of our strategy and business environment, including its response to the SDGs. ITOCHU aims to steadily address social issues and improve our annual report while being guided by its Group corporate mission, "Sampo-yoshi," an ideals
