Numerous Turbulent Seas as a Merchant

Over a history of more than 160 years since its

founding; I would have faced various social

upheavals and serious economic downturns.

There was even the period of hardship when our raison dietre was questioned due to changes in the

social structure.

Provident descriptions, we overcame turbulent seas as we contributed to hone ourselves. Our driving force has been outford bility as a merchant to sniff out change and with flexibility and swiftness to changes in the business structure: "proactive, agile, and was a management.
